

# Technical Data Sheet

**Product: Pool Cleaning Trolley**  
**Product Code: PCT09**

NCA's Pool Cleaning Trolley provides all the items required to help maintain your water feature's optimum display.

The trolley configuration offers the following benefits:

- Operator can easily place the cleaning trolley to suit cleaning the water feature;
- No water is loss, as water is returned to the pool;
- Cartridge is easily removed from the filter for cleaning;
- Trolley is manufactured using all from Stainless Steel components.

The trolley includes:

- 9 M vacuum and return hoses;
- Telescope pole and net, brush and vacuum head fittings as shown above;
- Astral CTX280 280LPM pool pump with 10M power cable;
- Astral ZX75 Cartridge filter;
- Two swivel wheel and two fixed wheels.
