

# Technical Data Sheet

**Product: Multi - Spray Arrays**  
**Product Code: 6 Series**

- NCA's utilizes its Bronze Distribution Chamber (refer to technical Data sheet Distribution Chamber – 5 Series) as a platform for mounting a combination of multiple sprays.
- The above photos show examples of custom platform configurations. The left hand one utilises different models of NCA's clear stream jets (refer to Technical Data Sheet 22 Series), centre utilises 7 of NCA's 21-XG-80 aerating jets (refer to Technical Data Sheet 21 Series) and the one on the right utilises 7 of NCA's 3-WIC-25 aerating jets (refer to Technical Data Sheet 3 Series) – note mounting arrangements have been added for submersible light fixtures. Standard Models available include:

| Model    | Number & type of jets   | Chamber inlet (bspf) | Chamber model number. | Chamber Diameter (mm) |
|----------|---|----------------------|-----------------------|-----------------------|
| 6-MA-100 | 1 of 21-XC-25 & 8 of 21-XB-20                                       | 4"                   | 5-DC-100              | 300                   |
| 6-MB-100 | 1 of 21-XD-32 & 6 of 21-XC-25                                       | 4"                   | 5-DC-100              | 300                   |
| 6-MC-100 | 1 of 21-XE-40 & 5 of 21-XD-32                                       | 4"                   | 5-DC-100              | 300                   |
| 6-MD-100 | 3 of 21-XE-40 & 8 of 21-XD-32                                       | 4"                   | 5-DD-100              | 460                   |
| 6-ME-100 | 1 of 21-XF-50 & 6 of 21-XE-40                                       | 4"                   | 5-DD-100              | 460                   |
| 6-ME-150 | 3 of 21-XF-50 & 8 of 21-XE-40                                       | 6"                   | 5-DE-150              | 460                   |
| 6-MF-150 | 1 of 21-XG-80 & 4 of 21-XF-50                                       | 6"                   | 5-DE-150              | 460                   |
| 6-MG-150 | 1 of 21-XG-80 & 8 of 21-XF-50                                       | 6"                   | 5-DE-150              | 460                   |
| 6-MH-150 | 1 of 21-XG-80 & 6 of 21-XG-80                                       | 6"                   | 5-DE-150              | 460                   |
| 6-MI-150 | 1 centre 21-XG-80, inner circle 8 of 21-XF-50 & outer 8 of 21-XE-40 | 6"                   | 5-DE-150              | 460                   |
| 6-MJ-150 | 1 of 3-WIA-25 & 6 of 3-WIC-25                                       | 6"                   | 5-DE-150              | 460                   |
| 6-MK-150 | 7 of 17-GD-50   | 6"                   | 5-DE-150              | 460                   |
| 6-ML-150 | 6 of 22-YK-50 & 7 of 22-YG-40                                       | 6"                   | 5-DE-150              | 460                   |
| 6-MM-150 | 1 of 17-GE-80 & 4 of 17-GE-80                                       | 6"                   | 5-DE-150              | 460                   |
| 6-MO-150 | 1 of 17-GE-80 & 6 of 17-GE-80                                       | 6"                   | 5-DE-150              | 460                   |
