

Technical Data Sheet

Product: Ball Spheres

Product Code: 8 Series

- NCA's Ball Spheres are made from heavy cast bronze supplied with pipe connections as listed in the table below.
- NCA use these spheres in there range of Sphere Fountain Jets – refer to NCA's Technical Data Sheet (TDS) on the 9, 10 and 11 series of fountain jets.
- These ball spheres can be custom bored to accommodate other types of jets, e.g. NCA's Calyx jets – refer to NCA's TDS 20 series.
- Use plumbers Teflon tape, or Araldite to secure it to a riser.
- Refer to table below for models available and their specifications:

- Models available and their specifications:

Ball Sphere Model Number	8-SA-40	8-SB-50	8-SC-65	8-SD-100	8-SF-150
Inlet dimensions (mm)	40	50	65	100	200
Inlet Thread Size (bspf)	1 ½"	2 "	2 ½"	4"	6"
Sphere Diameter (mm)	100	200	250	300	500
Overall Height (mm)	125	225	275	325	525
